An Exciting New Chapter for Our Company

Dear Valued Customers, Vendors, and Business Partners,

We are excited to announce an important and long-anticipated milestone in the continued growth and evolution of our company: **we are changing our business name and beginning a new chapter for our brand.**

This name change represents more than simply a new name. It is an opportunity to refresh our identity, strengthen our online presence, and position the company for further growth and success. As part of this exciting re-brand, we have placed great focus on expanding our **website and online store presence** by making it easier than ever for our customers to connect with us and shop with confidence at **truck.hyd.com**.

What You Need to Know

As we transition our brand from Tejas Hydraulics to Truck Hydraulics, **some of our business email addresses will be changing.** Please update your contact records to reflect these changes.

- truck@hyd.com General & Sales
- accounting@hyd.com Payables & Receivables
- purchasing@hyd.com Order Acknowledgements

There is no need to worry about staying in touch with individual members of our team. **Email addresses for individual team members will remain unchanged.**

- jon.wright@hyd.com
- angela.wright@hyd.com
- luke.hughes@hyd.com

Additionally, **our physical business address will not change.** We remain right here, continuing to serve our customers and partners with the same commitment, experience, and dedication that you have come to expect from us.

Thanks,

From the entire Team from Truck Hydraulics, Inc.
